April 23, 2008

### Shoreline seeks tenant Board representative

Shoreline Housing Partnership is looking for an enthusiastic and committed tenant to join the association's Board.

The Board has responsibility for developing the strategy the organisation needs to shape the way it improves housing and communities across North East Lincolnshire.

The Board consists of 12 unpaid representatives – four tenant members, four council nominees and four independent members – chosen for their individual skills and experience.

The successful tenant representative will be chosen by board representatives and an independent advisor.

Relevant training, experience and support will be provided to help the representative manage their new role.

Shoreline chief executive Tony Bramley said: "The Board of Shoreline seeks to ensure that tenants get a good deal from us in terms of service and value, and the chance for one of our tenants to directly take part at this level is a great opportunity for someone to really influence how this is done.

"It is a commitment, but at the same time there's lots of training and support offered and the satisfaction of knowing that you are making a positive contribution to the lives of so many local people."

Shoreline Chair Andrew Almond-Bell added: "We are actively seeking tenants who possess the vision, drive and ambition to improve the range and delivery of the services that are offered by Shoreline to our tenants and the community as a whole.

"This is a unique opportunity for forward thinking individuals to become part of a dedicated team who can really make a difference. Both the board and I would welcome applications from like minded people who would like to be considered for this role".

Board members work on a voluntary basis although expenses are paid.

The Shoreline Board strives to be representative of the local community and welcomes applications from women, black and minority ethnic tenants who are presently under represented.
